GOVERNMENT OF WEST BENGAL

LOCAL SELF-GOVERNMENT DEPARTMENT

RESOLUTION

No. 6210/MIM-162/65.—13th September 1965.—The administration of the Krishnagar Minicipality in the district of Nadia had been the cause of worry to Government for some time past. Reports from local officers have revealed a very unsatisfactory state of affairs of the Municipality in

(1) The commissioners have failed to maintain a satisfactory financial position so as to enable them to run the administration of the Municipality properly. They have increased the over-head charges to about Rs. 5.64 lakhs annually whereas the current annual demand comes to Rs. 4.35 lakhs Even this demand includes wrong, fictitious and disputed imposition and the current realisable demand is estimated to be about Rs. 3,72,000. The outstanding rates as on 31st March 1964, was Rs. 2,31,000, but this included certain dues which it may not be possible to collect. The realisable outstanding demand is estimated to be about Rs. 1,37,000 Thus, the total realisable demand during the current year is Rs. 5.09 lakhs against the over-head charges alone amounting to about Rs. 5.64 lakhs. Under these circumstances it is not possible for the Municipality to meet the over-head charges not to speak of meeting outstanding liabilities and providing for further civic amenities to the citizens

2) The commissioners have failed to maintain minimum closing balance equal to two months' urring charges as required under rule 28 of the nicipal Account Rules. The balance of the Municipality at the Treasury and the Bank stood at Rs. 49,308 on the 27th August 1965 But on that date the unspent amount of the grant received by the Municipal commissioners for specific purposes amounted to Rs. 89,631 and the unspent balance of a loan received by them from Relief and Rehabilitation Department for a specific service amounted to Rs. 14,178 The Municipality instead of having a balance of two months' recurring charges on the material date had a debit of Rs. 54,501

(3) As a result of the position mentioned above the commissioners had to pay the salaries of Municipal staff for June 1965, by diverting a portion of the aforesaid grant of Rs. 89,631 for specific services in violation of rule 13 of the Municipal Account Rules

(4) The commissioners failed to pass the budget estimates of the Municipality for 1965-66 in accordance with the provisions of sections 112-113A of the Bengal Municipal Act, 1932 At first two months' budget was prepared, which is inadmissible in law. Then, on being directed by Government under section 549(1) of the Act to prepare the budget by a specific date, the commissioners submitted the budget with imaginary figures about receipts. Under instruction to frame it according to law they submitted a budget showing a deficit of Rs. 1.9 lakhs without any indication as to how the deficit would be made up

(5) The collection of rates and taxes of the Municipality had not been satisfactory for some years past. The collection was 53.05 per cent in

1962-63, and nearly 66 per cent. in 1964-65. With its outstanding liabilities and stringent financial condition, the commissioners have failed to discharge their duties to increase collection of rates and taxes

(6) In a series of inspection notes and audit reports over a number of years the Municipal commissioners were urged to take steps to increase the sources of revenue and to diminish all avoidable expenditure on staff and other items. The Additional District Magistrate, Nadia, in his notes of inspection of the Municipality held on the 11th July 1963, advised reduction of expenditures on Municipal staff. The notes of inspection of the Inspector of Local Bodies, Presidency Division, held on the 12th September 1961 and 24th July 1963, also stressed the necessity for curtailment of avaidable staff, the commissioners paid no heed to all these instructions.

(7) Serious irregularities have also been committed by the commissioners in diverting Provident Fund money of Municipal employees to the extent of Rs. 42,872 for expenditure on general purposes thus committing a serious irregularity. They also diverted for other purposes a loan of Rs. 14,178 given by the Refugee Rehabilitation Department. Grants amounting to Rs. 66,251 given for specific purposes have also been irregularly diverted. All these were made in contravention of the provision of rule 13 of the Municipal Account Rules.

(8) The commissioners have defaulted in paying their contribution to the Water Works Depreciation Fund to the extent of Rs. 12,000. They have also persistently defaulted in the payment of instalments towards repayment of loans paid by the Health Department and Refugee and Rehabilitation Department.

2. After a careful consideration Government have come to the conclusion that the commissioners of the Krishnagar Municipality have shown their incompetence and have persistently made default in the performance of duties imposed upon them under the Bengal Municipal Act, 1932, and the rules framed thereunder and have also abused their powers and that the present state of affairs cannot be allowed to continue without serious detriment to the interests of inhabitants of the Municipality.

3. In exercise of the power conferred by sub-section (1) of section 553 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is, therefore, pleased to declare the commissioners of the Krishnagar Municipality to be incompetent and in default and to supersede them for a period of two years with effect from the 15th of September 1965.

GOVERNMENT OF WEST BENGAL

EDUCATION DEPARTMENT

General

RESOLUTION

No. 5832-Edn.(G)/5C-19/65.—21st September 1965. —Significant progress has been made since Independence in the matter of development and expansion f Secondary Education in West Bengal. Both the umber of Secondary Schools and the enrolment of tudents have increased at an impressive rate and here has also been a thorough change in the pattern, luration and contents of the courses of study. The apid expansion and change in the pattern have aturally created some problems of transition. Comlaints have been made about the falling of stanlards in the higher stages of secondary education, as videnced by the poor results at the terminal examinaions held by the West Bengal Board of Secondary Education. It is often pointed out that the rapid inrease in the number of educational institutions and f students has outpaced the supply of qualified tehers. Complaints have also been made that whatver teaching facilities are available in schools are ot utilised to the best advantage of the students, vho do not, besides, receive as much attention at the chools as they should.

2. These and other expressions of public comlaint have engaged the attention of the State Govrnment for some time past. Any programme for e expansion of educational facilities carries with it e obligation of looking back and consolidating its sults. The State Government have, therefore, ecided to set up a Committee of Enquiry to go into the present working of the High and Higher Secondary Schools in West Bengal and report its findings and recommend suitable measures for the betterment of the standards of education at the secondary stage. The terms of reference for the Committee will be as follows:—

(i) To examine whether the present distribution of High and Higher Secondary Schools over the different parts of the State conforms to the relative needs of each area and whether the process of expansion has resulted in imbalances and disparities in the matter of provision of educational facilities, between different districts in this State and between different areas in the same district;

(ii) to examine the extent and the causes of wastage and stagnation in the High and Higher Secondary Schools and of the high percentage of failure and poor results in the School Final and the Higher Secondary Examinations held by the West Bengal Board of Secondary Education in West Bengal;

(iii) to examine the extent of the prevalence of private coaching undertaken by school teachers, its causes and effects and to suggest suitable measures to improve the present conditions in Schools bearing on this matter;

(iv) to examine the present system of recruitment and the manner of selection and appointment of teachers of Secondary Schools, including Headmasters, and to suggest suitable measures of improvement in these respects;

(v) to examine the present system of management of Secondary Schools through Managing Committees and to suggest suitable measures to bring about better administration of Secondary Schools;

(vi) to examine the extent to which community efforts may be organised and made available in aid of the State resources for the development of the Secondary Schools, especially in matters of providing additional lands, buildings and equipment to these Schools;

(vii) to suggest measures that may be adopted for improving the standard of education at the Secondary stage.

3. For the purposes of the enquiries indicated in the foregoing paragraph, the Government of West Bengal has decided to set up a Committee consisting of the following members:—

(1) Shri Sourindra Mohan Misra, M.L.A.—Chairman,

(2) Dr. Pratap Chandra Chunder, M.L.A.—Member,

(3) Shri Bejoy Krishna Bhattacharyya, M.L.A.—Member,

(4) Shri Jahar Lal Banerjee, M.L.A.—Member,

(9) Shri Abanti Kr. Das, M.L.A.—Member,

(10) President, Board of Secondary Education—Member,

(11) Director of Public Instruction, West Bengal—Member-Secretary.

4. The Committee will submit its report to the Education Department, Government of West Bengal, as early as possible and not later than the 31st May 1966.

Ordered that the Resolution be published in the "Calcutta Gazette" for public information and eliciting public co-operation.

STATEMENT OF OBJECTS AND REASONS.

It is needless to emphasise the seriousness and urgency of the problems of drainage, sewerage and safe water-supply in the greater Calcutta area. Inadequate and poor drainage, sewerage and safe water-supply facilities in some localities and complete absence thereof in other areas has been the main cause for the periodical outbreak of cholera and other gastro-intestinal diseases in an epidemic form which has been a source of serious health hazard not only to the whole country but also to the world at large.

Having been greatly concerned, the State Government, in consultation with the Government of India, made a request to the World Health Organisation to

organise a Consultant Team to review the environmental sanitary conditions in the Greater Calcutta area and to suggest ways and means to improve the same. Accordingly, the World Health Organisation organised a Consultant Team in 1959 which submitted its Report in 1960. In this Report, the W.H.O. Experts have, inter alia, recommended preparation and implementation of an integrated Master Plan for water-supply, sewerage and drainage for the entire Greater Calcutta area (designated in the Report as the Calcutta Metropolitan District), and creation of a Calcutta Metropolitan Authority having jurisdiction over the entire area for execution of the Master Plan and for the maintenance and operation of the services of water-supply, drainage and sewerage therein. In the opinion of the W.H.O. Experts, the problems of water-supply, drainage and sewerage of the whole region cannot be successfully dealt with by the various independent local governments of the area, and a fragmented effort to deal with the unified engineering and administrative problems of water, sewerage and drainage must fail, because it contravenes the basic technological imperatives.

On the basis of the recommendation of the W.H.O. team, the State Legislative Assembly on the 18th November, 1960, passed a non-official resolution to the following effect:—

"Resolved that whereas the problems of water, sewerage, disposal of garbage and drinking water-supply of Greater Calcutta area are very serious and require urgent consideration;

That whereas the W.H.O. team have strongly recommended the early creation of a Statutory Calcutta Metropolitan Board covering an area of about 270 square miles in and around Calcutta on either side of the river Hooghly in order that a composite and detailed scheme for providing sufficient supply of drinking water, for efficient drainage of the area, for providing sewerage in the area, and for effective removal of garbage;

This Assembly requests the Government to take early steps for creating the necessary machinery for the purpose.".

The present Bill has been drafted with the above object in view. It seeks to establish a Water and Sanitation Authority for the Calcutta Metropolitan District comprising the areas of two Municipal Corporations, 32 Municipalities and some non-municipal areas contiguous thereto situated on both banks of the river Hooghly from Bansberia and Kalyani in the north to Uluberia and Budge Budge in the south. The Authority will be a corporate local body consisting of a Board of three Directors to be appointed by the State Government and a General Council of thirteen ex-officio members, six members nominated by the State Government and 16 representatives of Municipal Bodies located within the Calcutta Metropolitan District. The Authority has been empowered to take over gradually all existing municipal water-supply, sewerage and drainage services within the Calcutta Metropolitan District and it has been entrusted with the duties and responsibilities of providing water, sewerage and drainage throughout the said District. As and when the Authority will take over any of the said municipal services in an area, the Municipality concerned will cease to have any functon relating thereto and the Municipality will be required to reduce its rates by such percentage as the State Government may determine in consultation with the Municipality. The Authority has been authorised to levy water-charge, surcharge on water-charge for sewerage, a graduated tax on properties and fees for carrying out its functions under the Act.

All loans to be raised by the Authority will require sanction of the State Government and will be guaranteed by the State Government as to payment of interest and repayment of principal. The State Government has been given ultimate control as it can remove any or all of the Directors for failure to act efficiently and as per the directions of the State Government.

FINANCIAL MEMORANDUM.

Clause 30 of the Bill provides for raising of loans by the Calcutta Metropolitan Water and Sanitation Authority by the issue of debentures or otherwise of such sums of money, at such rates of interest, for such period, and upon such terms as the State Government may sanction, and for guarantee of such loans by the State Government as to repayment of the principal and payment of interest.

Such guarantee may involve financial liability on the part of the State Government, necessary budget provision to meet which will be made if and when occasion so arises.

THE SCHEDULE.

Enactments Repealed or Amended.

(*See* section 32.)

Year.	No.	Short title.	Extent of repeal or amendment.
1	2	3	4
1948	II	The West Bengal Land (Requisition and Acquisition) Act, 1948.	In the second proviso to sub-section (*1*) of section 7, for the words, figures and brackets "sub-section (*1*) of section 7 of the Calcutta Slum Clearance and Rehabilitation of Slum-dwellers Act, 1958", the words, figures and brackets "section 24 of the West Bengal Slum Areas (Improvement and Clearance) Act, 1965" shall be substituted.
1958	XX	The Calcutta Slum Clearance and Rehabilitation of Slum-dwellers Act, 1958.	The whole shall be repealed.

STATEMENT OF OBJECTS AND REASONS.

The object with which the "Calcutta Slum Clearance and Rehabilitation of Slum-dwellers Act" was enacted so far back as 1958 could not be achieved effectively mainly because of certain limitations from which the said Act suffered and of inadequacy of funds for undertaking outright clearance of slums as provided thereunder.

Meanwhile, the appalling insanitary condition of the slums has further deteriorated making the slums centres of incubation and spread of endemic and epidemic diseases causing health hazards not only to the slum-dwellers but also to the inhabitants of Calcutta and a vast area surrounding it. The situation is so dangerous and alarming from public health point of view that besides the ultimate objective of slum clearance it calls for immediate action towards improving the living conditions in slums as well as overall improvement in the environmental sanitation of the slum areas.

Accordingly, the present Bill has been so drawn up as to enable the State Government to undertake improvement of a slum-area as an emergent measure and to undertake clearance and redevelopment thereof as an ultimate goal, and also, where necessary, to undertake outright clearance and redevelopment of any slum-area. For undertaking improvement with a view to providing basic sanitary amenities to the slum-dwellers and to secure better environmental sanitation, acquisition of the interests of all proprietors, tenure-holders, lessees of all grades in the land except the *thika* tenants and other hut owners within a slum-area has been provided. This procedure will enable immediate public ownership of slum land for the improvement programme at a lesser cost than what it would be in the case of acquisition for clearance. The Bill also provides for imposition of an improvement levy on the owner of every hut or other structure within a slum-area improved upon at such rate not exceeding 20 *per cent.* of the net annual value of the hut or other structure and for such period not exceeding 30 years as the State Government may consider fit and proper. The owner, in his turn, has been empowered to realise the amount of improvement levy paid by him from his tenants. Enhancement of rent for any improvement under this law has been prohibited.

In the case of clearance and redevelopment of a slum-area, the Bill requires providing to the slum-dwellers such alternative accommodation as the prescribed authority considers suitable having regard to the conditions of their occupation and the rent that was being paid by them.

The Bill also provides for payment of compensation to an intermediary for his rights and interests in any land at an amount equal to 20 times the net annual income from such land, and in any hut or other structure owned by him at an amount equal to 5 times the net annual income from such hut or other structure. The *thika* tenant will be paid compensation for his rights and interests in the land and huts and other structures thereon owned by him at an amount equal to 5 times the net annual income from such land, and huts and other structures.

Other suitable provisions have also been sought to be made for effectively dealing with the problems of slums in West Bengal, specially in the Calcutta and Howrah municipal areas.

Member-in-charge.

CALCUTTA,
The 7th September 1965.

FINANCIAL MEMORANDUM.

Clause 15(*4*) of the Bill provides for execution of the works of improvement in accordance with an improvement scheme. Clause 16(*2*) provides for carrying out outright clearance and redevelopment in accordance with a plan approved by the State Government. The proviso to clause 17(*2*)(*b*)(*ii*) provides for offering of alternative accommodation to the slum-dwellers. Clause 17(*3*) provides for payment to the occupier of any hut or other structure of cost of removal, cost of dismantling and re-erecting any plant, machinery or other equipment used for any trade or industry, and compensation for any temporary loss of occupation. Clause 24 provides for payment of compensation for acquisition of rights and interests in the land of a slum-area as well as of the land, huts and other structures of a slum-area

It is not possible to work out at this stage the financial implications of the Bill, because it is not known how much area will be declared as slum-area; how much land will be acquired requiring payment of compensation; to what extent the works of improvement and of clearance and redevelopment will be carried out; how much alternative accommodation will be required to be provided, and how much costs and expenses will have to be paid for removal of the slum-dwellers. However, when any proposal for improvement or clearance and redevelopment will be taken up, its financial implications will be worked out before any final decision is taken in the matter.

PRAFULLA CHANDRA SEN,
Member-in-charge.

BILL

to amend the Bengal Public Demands Recovery Act, 1913.

WHEREAS it is expedient to amend the Bengal Public Demands Recovery Act, 1913, for the purpose and in the manner hereinafter appearing; Ben. Act III of 1913.

It is hereby enacted in the Sixteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Bengal Public Demands Recovery (Amendment) Act, 1965.

Amendment of Schedule I to Ben. Act III of 1913. **2.** In Schedule I to the Bengal Public Demands Recovery Act, 1913, for article 9, the following article shall be substituted, namely:—

"9. Any money payable to an officer of the Government, in respect of which the person liable to pay the same has, by a written instrument, which shall, except in cases of fees, not exceeding fifty rupees per annum, for licenses granted for use and occupation of agricultural land vested in the Government under the West Bengal Estates Acquisition Act, 19[illegible] be duly register- West B Act I o

STATEMENT OF OBJECTS AND REASONS.

Agricultural lands taken possession of from intermediaries under the West Bengal Estates Acquisition Act, 1953 are being licensed out to actual agriculturists temporarily on payment of a license fee the arrears of which are made recoverable as a public demand. Under article 9 of Schedule I to the Bengal Public Demands Recovery Act, 1913, the arrear license fee cannot be recovered as a public demand unless the person liable to pay the same has agreed by a written instrument duly registered that it shall be recoverable as such. As the licensees are poor cultivators, it is very difficult for them to go to Registration Offices and get their licenses registered. It is accordingly proposed to provide for exemption from registration of the licenses in those cases where the license fee does not exceed Rs.50 per annum.

THE WEST BENGAL LAND REFORMS (SECOND AMENDMENT) BILL, 1965.

A

BILL

to amend the West Bengal Land Reforms Act, 1955.

WHEREAS it is expedient to amend the West Bengal Land Reforms Act, 1955, for the purpose and in the manner hereinafter appearing; West Ben. Act X of 1956.

It is hereby enacted in the Sixteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Land Reforms (Second Amendment) Act, 1965.

Amendment of section 19A of West Ben. Act X of 1956.

2. Section 19A of the West Bengal Land Reforms Act, 1955, shall be renumbered as sub-section (*1*) of that section, and after the said sub-section (*1*) as so renumbered, the following sub-sections shall be added, namely:—

"(*2*) If, after the commencement of the West Bengal Land Reforms (Second Amendment) Act, 1965, any person owning any land terminates or causes to be terminated the cultivation of the land by a *bargadar* in contravention of the provisions of this Act, he shall be guilty of an offence punishable with imprisonment which may extend to six months or with fine which may extend to one thousand rupees or with both.

STATEMENT OF OBJECTS AND REASONS.

Therefore, in addition to the existing provisions of section 19B, it is considered necessary to provide for imposition of deterrent penalties on an owner for forcible termination of cultivation of his land by a *bargadar*, so as to prevent him from taking recourse to such illegal action.

STATEMENT OF OBJECTS AND REASONS

The Hindu Religious Endowments Commission was appointed on 1st March, 1960, under section 3 of the Commissions of Inquiry Act, 1952, for the purpose of making an inquiry into certain matters connected with Hindu public religious endowments. The Commission submitted its report, containing *inter alia* 114 recommendations to the Government of India on 31st May, 1962. Some of the recommendations relate to general policy and some are of an administrative nature and there are also a few recommendations relating to particular temples and maths. The Commission has emphasized the imperative necessity for undertaking suitable legislation, particularly in States having no legislation governing Hindu religious endowments, namely, Assam, Punjab, West Bengal and Uttar Pradesh. The Report was laid on the Table of each House of Parliament on 10th August, 1962.

2. As the subject of religious endowments falls in the concurrent field of legislation (entry 28, List III of the Seventh Schedule to the Constitution), the Report was circulated to the State Governments and to the Administrators of Union territories for their views. After considering the comments received from the State Governments and the Administrations of Union territories and the comments sent by various institutions and individuals with reference to the Report of the Commission, Government have decided to give effect practically to all the principal recommendations of the Commission in so far as they are capable of implementation by ligislation. The Bill is intended to give effect to this decision and will extend to the whole of India except Jammu and Kashmir and apply to all Hindu public religious endowments (that is, to all maths and public temples) including Buddhist religious endowments.

3. The notes on clauses explain the salient features of the Bill.

NEW DELHI ;
The 7th July, 1965.

A. K. SEN.

Notes on clauses.

Clause 1.—The Bill when enacted will extend to the whole of India except the State of Jammu and Kashmir because entry 28 of the Concurrent List,—"Charities and charitable institutions, charitable and religious endowments and religious institutions"—has not been extended to the State of Jammu and Kashmir.

Power to bring the Act into force has been given to the State Governments except in respect of clauses 8 to 13 which provide for the Central Council and Central Tribunal. Power in respect of these latter clauses has been given to the Central Government.

Clause 2.—Special attention is drawn to the definition of "math", "person interested", "priest", "public temple", "religious endowment" and "trustee".

Clauses 3 *and* 70.—Clause 3 provides that the Act will apply to all Hindu public religious endowments, that is to say, to all maths [*vide* recommendation No. (6) on page 174 of the Report] and all public temples [*vide* the second paragraph of recommendation No. (4) on page 173]. Hindu public religious endowments will include Buddhist religious endowments also. Jain religious institutions have, however, been excluded from the purview of the Bill. The reasons for such exclusion are several and have been noted in the Report of the Hindu Religious Endowments Commission itself. In the first place, Jain religious institutions are managed by elected bodies and are, by and large, very well run ; "cases of mismanagement are very few. If and when such cases arise, the acharyas and sadhus and Sangh deal with them and set matters right. Public opinion and public pressure are such that the defaulter ordinarily makes good the loss unless his condition is such as to make it impossible for him to do so," (*vide* para. 14 of Chapter IX of the Report). In the second place, Jains do not have any mohant in charge of religious institutions in order to do anything corresponding to the shebaits of Hindu temples and as a matter of fact their acharyas do not own any property or accept any offerings (*vide* para. 6, *ibid.)*. In the third place, hereditary trusteeship is not prevalent among the Jains. Trustees keep the accounts relating to the endowment and submit them to the Sangh every year (*vide para.* 14, *ibid.*). In the next place, the standard of cleanliness maintained in Jain temples is very high. The Jain community takes a great deal of enlightened interest in the maintenance of their shrines and in the maintenance of a proper and serene religious atmosphere surrounding them. The stupendous activity in the direction of repair, expansion and renovation work connected with these temples some of which are of great architectural beauty.....is such that it is worthy of healthy emulation by Hindu temples and organizations (*vide* para. 35, *ibid.*). All these salutary features noted by the Commission in connection with the management of Jain temples may suffer adversely because of possible interference by the various statutory authorities proposed to be set up in the Bill. Accordingly Jain religious institutions have been excluded from the purview of the Bill.

Under clause 70 unless the State Government otherwise directs the provisions of the Act will not apply to any Hindu public religious endowment if in respect thereof there is any special enactment in force such as the Badrinath and Kedarnath Temples, the Puri Temple, the Tirupati Temple, the Bodh Gaya Temple, etc.

Clause 4.—The various authorities for the effective administration of Hindu public religious endowments have been mentioned in this clause. The principal authorities will be the Commissioner, the Central Religious Endowments Council and the Religious Endowments Tribunal.

Clauses 5 *to* 7.—These clauses deal with appointment, conditions of service, powers and functions of the Commissioner and

his deputies and assistants [*vide* paragraph 17 on pages 124-125 and recommendations Nos. (58) and (59) on page 183 of the Report].

Clauses 8 *and* 9.—Clause 8 provides for the constitution by the Central Government of a Central Religious Endowments Council representing various interests (including sadhus and sanyasis) and the State Governments [*vide* the last portion of the first paragraph on page 126 and recommendation No. (62) on page 183 of the Report].

Under clause 9, the Council shall perform such functions as may be conferred on it by the Act and the rules made threunder. It has been provided throughout the Bill that the Commissioner and the State Government shall in respect of several important matters consult the Council before taking action.

Clauses 10 *and* 13.—Clause 10 provides for the constitution of a Religious Endowments Tribunal on an all-India basis and clause 13 provides for the constitution and procedure of the Tribunal [*vide* paragraphs 20 and 21 on pages 127-28 and recommendations Nos. (64) to (69) on pages 184-85 of the Report]. The Chairman of the Tribunal shall be a person who has been, or is, or is qualified to be, appointed as a High Court Judge. The other members shall be persons who have either held senior administrative offices under the Government and have adequate administrative and financial experience for not less than ten years under the Government, or who are specially conversant with Hindu scriptures and religion and religious practices and with the working of Hindu religious endowments.

Clauses 11, 26, 57, 60, 61, 62, *etc.*—These clauses deal with the various important functions of the Tribunal [*vide* paragraph 20 on page 127 and recommendations Nos. (64) and (70) on pages 184-85 of the Report]. The Tribunal will have original as well as appellate jurisdiction. An appeal will lie to the Tribunal from the decisions of the Commissioner and the Tribunal will have exclusive original jurisdiction in regard to certain matters, *e.g.*, (*i*) succession and appointment to hereditary offices, such as hereditary trustees, heads of maths, etc., (*ii*) determination of what are matters of religion or essential religious practices and what are ancillary and unessential accretions, and (*iii*) such other matters of basic importance in relation to the administration and management of temples, maths, etc., which in the opinion of the Commissioner, require adjudication or decision by the Tribunal.

Clause 12.—This clause deals with appointment of assessors to aid the Tribunal in the discharge of its functions [*vide* recommendation No. (66) on page 184 of the Report]

Clauses 14 *to* 21.—These clauses deal with registration of all Hindu public religious endowments with the Commissioner.

Clauses 22, 24 *and* 25.—These clauses deal with appointment and succession to the office of trustee, disqualifications for trusteeship, removal of trustees, etc. [*vide* paragraph 24 at page 101 and recommendations Nos. (38) to (41) at pages 180-81 and recommendation No. (57) at page 183 of the Report]. Appointment and succession to office of trustee will be regulated by rules, practices, usages or customs of the religious endowment concerned with respect to such appointment or succession.

Clause 23.—This clause provides that the Hindu Succession Act, 1956, shall not apply to succession to the office of trustee [*vide* paragraph 25 on page 101 and recommendation No. (42) on page 181 of the Report].

Clause 27.—This clause empowers the Commissioner to suspend a trustee in cases of urgency and to report the action taken to the Tribunal [*vide* recommendation No. (63) on pages 183-84 of the Report].

Clauses 28 *and* 29.—These clauses do not call for any comment [*vide* recommendations Nos. (27) and (29) on pages 177-78 of the Report]. The administration and management of every Hindu public religious endowment will vest in the trustee thereof.

Clause 30.—This clause provides for the preparation and maintenance by the trustee of a register in the prescribed form in relation to the religious endowment.

Clause 31.—This clause relates to the power of the Commissioner in cases of mismanagement and is consequent upon the general powers of supervision and control to be exercised by the Commissioner over Hindu public religious endowments.

Clauses 32, 33, 34, 35 *and* 36.—These clauses relate to the preparation of budgets by trustees of public religious endowments and the provisions to be made therein for carrying out obligatory objects and discretionary objects [*vide* recommendations Nos. (28), (30), (31), (34) and (35) at pages 178-80 and recommendation No. (71A) at page 185 of the Report].

Clause 37.—This clause empowers the Commissioner to frame a scheme for proper administration of any Hindu public religious endowment and follows from the general powers of the Commissioner as recommended by the Commission.

Clause 38.—This clause provides for the application of the property *cy pres* [*vide* recommendations Nos. (36) and (37) on page 180 of the Report] on the lines of sections 13 and 14 of the U.K. Charities Act, 1960.

Clause 39.—This relates to investment of endowment money in what may be called gilt-edged securities and follows out of the recommendations relating to the proper and efficient management of endowment properties.

Clause 40.—This clause provides for the alienation (by way of sale, mortgage, exchange or gift, or by way of lease for over three years) of immovable property belonging to an endowment only with the previous sanction of the Commissioner and follows more or less recommendation No. (52) and recommendation No. (56) made on pages 182-83 of the Report.

Clauses 41, 42, 43 *and* 44.—These clauses prohibit *archana* and *puja* in maths and public temples by unqualified priests after the expiry of two years from the commencement of the Act, provide for the qualifications to be possessed by priests, the setting up of schools for the training of priests and the syllabus for elementary and advanced training in such schools and the contributions to be made by the various Hindu public religious endowments towards the expenses of the schools and other institutions [*vide* recommendations Nos. (8), (9), (10) on pages 174-175 and Nos. (31) and (32) on page 178 of the Report].

Clauses 45 *and* 52.—These clauses provide that trustees and priests should have no proprietary rights over any gifts or offerings, *pranamis* or *padukanikas* made by worshippers, devotees, etc., unless they have been specifically designated as personal to the trustee or priest [*vide* recommendations Nos. Repeal and savings.

4. (*1*) The West Bengal *Panchayat* and *Zilla Parishads* (Amendment) Ordinance, 1965 is hereby repealed. **W O 1965.**

(*2*) Anything done or any action taken under the West Bengal *Panchayat* Act, 1957, or the West Bengal *Zilla Parishads* Act, 1963, as amended by the West Bengal *Panchayat* and *Zilla Parishads* (Amendment) Ordinance, 1965, shall be deemed to have been validly done or taken under the West Bengal *Panchayat* Act, 1957 or the West Bengal *Zilla Parishads* Act, 1963, as the case may be, as amended by this Act, as if this Act had commenced on the 16th day of October, 1965. **West Ben. Act I of 1957. West Ben. Act XXXV of 1963.**

STATEMENT OF OBJECTS AND REASONS.

The object of the West Bengal *Panchayat and Zilla Parishads* (Amendment) Bill, 1965, is to make certain amendments to the provisions of the West Bengal *Panchayat* Act, 1957 and the West Bengal *Zilla Parishads* Act, 1963.

(A) Amendments of the West Bengal *Panchayat* Act, 1957.

In view of certain observations in the decision reported in 69 CWN 346 (H. C. Chaudhury vs. State of West Bengal), it is deemed necessary to amend section 11 so that a criterion may be laid down in the section itself for the prescribed authority to determine the number of members of a *Gram Panchayat* and of Constituencies in the *Gram Sabha* area and allocate seats to different constituencies.

In accordance with the recommendations of the Santhanam Committee on Panchayat Raj Elections accepted at the annual Conference on Community Development and Panchayat Raj in July, 1965 and in conformity with the scheme in the *Zilla Parishads* Act about representation of lower tiers of Panchayati Raj bodies in the next higher ones all *Adhyakshas* of *Gram Panchayats* have been made *ex officio* members of *Anchal Panchayats* concerned. Necessarily provision has been made for reduction by about 50 per cent. in the number of elected members. Section 26 of the Act has been amended accordingly.

For the sake of convenience, the performance of such functions as may be transferred under section 31 of the Cattle-trespass Act, 1871, has been omitted from the list of obligatory duties of *Gram Panchayats* enumerated in section 31 and added to the functions of *Anchal Panchayats* mentioned in section 46(1).

In the light of observations of the High Court in the decision reported in 69 CWN 218 (B. C. Banerjee vs. District Panchayat Officer, Nadia) and in accordance with the recommendations of the Study Team on Panchayat Raj Finances, 1963, section 57(1) of the West Bengal *Panchayat* Act has been thoroughly amended. The existing circumstances and property tax under clause (a) of section 57(1) had been split up into its component parts for greater precision, certainty of imposition and ease of collection. The basis of the tax on lands and buildings will now be the annual value and not annual income.

In many cases, the election of members, *Adhyakshas* or *Pradhans* has been challenged in Courts and as a result of interim injunctions the *Panchayats* cannot function in many areas. These areas are neither administered under the Bengal Village Self-Government Act, 1919, nor under the West Bengal *Panchayat* Act. There is no assessment or realisation of taxes, no payment of salary to the rural police and no development work of any kind in these areas. A new section 68A has, therefore, been introduced to facilitate administration of these areas during the period of injunction.

Certain other minor amendments to the Act have also been made.

(B) **Amendments of the West Bengal *Zilla Parishads* Act, 1963.**

Certain anomalies in sections 7(6) and 55(6) of the Act have been removed.

The decision of the Government to provide honoraria and allowances to the Chairman/Vice-Chairman of a *Zilla Parishad* and the President/Vice-President of an *Anchalik Parishad* and to prescribe certain statutory powers for them has been implemented by introduction of new sections 7A and 55A, amendment of sections 8 and 56 and repeal of sections 16 and 63 of the *Zilla Parishads* Act.

To implement other decisions of the Government, sections 33, 34, 79 and 80 of the Act have been amended so that the Chairman/Vice-Chairman of a *Zilla Parishad*, and the President/Vice-President of an *Anchalik Parishad* may become *ex officio* members of all Standing Committees while the Chairman of a *Zilla Parishad* and the President of an *Anchalik Parishad* may also become *ex officio* Chairman of the Finance and Establishment Standing Committees.

Certain other minor amendments of the Act have also been made.

Repeal and savings.

4. (1) The West Bengal Criminal Law Amendment (Special Courts) (Amending and Validating) Ordinance, 1965, is hereby repealed.

(2) Anything done or any action taken under the said Act as amended by the West Bengal Criminal Law Amendment (Special Courts) (Amending and Validating) Ordinance, 1965, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 30th day of September, 1965.

STATEMENT OF OBJECTS AND REASONS.

By sub-section (3) of section 4 of the West Bengal Criminal Law Amendment (Special Courts) Act, 1949 (West Bengal Act XXI of 1949), as amended by the West Bengal Criminal Law Amendment (Special Courts) (Amending) Act, 1964 (West Bengal Act XIV of 1964), the State Government was invested with a retrospective power of transfer of a case from one Special Court to another Special Court, provided cognizance of the offence in the case had not been taken by the Special Court to which the case was first distributed. Though the principle that a case in which the offence has been taken cognizance of by a Special Court should not be withdrawn from that Special Court and transferred to another for disposal, has always been kept in view, it appears from experience with regard to one such transferred case that in some other transferred cases also where considerable evidence has been taken by the Special Courts to which the cases were transferred, it may be difficult to prove when challenged before a Court of Law that cognizance had not been taken by the Special Courts to which the cases were originally distributed. It would be necessary in future to devise some means of proceeding in a manner which would make the fact that cognizance was not taken by the original Special Court easy of proof and incapable of challenge. In the meantime it is necessary to validate the transfer of those cases which are now being tried by the Special Courts irrespective of the question whether offences in such cases were taken cognizance of by the Special Courts to which they were originally allotted.

The amending and validating Bill seeks to achieve this object.

NOTIFICATION

No. 3392 L.—2nd November, 1965.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE BENGAL MOTOR SPIRIT SALES TAXATION (AMENDMENT) BILL, 1965.

A

BILL

to amend the Bengal Motor Spirit Sales Taxation Act, 1941.

WHEREAS it is expedient to amend the Bengal Motor Spirit Sales Taxation Act, 1941, for the purpose and in the manner hereinafter appearing; Ben. Act V of 1941.

It is hereby enacted in the Sixteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Bengal Motor Spirit Sales Taxation (Amendment) Act, 1965.

(*2*) It shall come into force on such date as the State Government may, by notification in the *Official Gazette*, appoint.

Amendment of section 3 of Ben. Act V of 1941.

2. In section 3 of the Bengal Motor Spirit Sales Taxation Act, 1941,—

(*1*) in sub-section (*1*),—

(*a*) for the words "nine naya paise per litre", the words "twelve paise per litre" shall be substituted;

(*b*) in clause (*i*) of the proviso, for the words "five naye paise per litre", the words "nine paise per litre" shall be substituted;

(*2*) in sub-section (*5*), after the words "of such countries", the words "for such purposes" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Motor Spirit Sales Taxation Act, 1941, provides for the levy of sales tax on retail sales of motor spirit.

In the present situation arising out of the Indo-Pakistan conflict it has become necessary to augment the financial resources of the State Government to the maximum extent so as to keep up the tempo of planned development. At the same time the State Government are required to incur considerable additional expenditure for Civil Defence measures and for other purposes connected with the present emergency. It is, therefore, proposed to raise the rate of tax on motor spirit having a flashing point below 24.4°C. i.e. petrol and aviation spirit from 9 paise per litre to 12 paise per litre and that on motor spirit having a flashing point at or above 24.4°C. i.e. all types of diesel oil from 5 paise per litre to 9 paise per litre. The Bill also provides for limiting the scope of exemption granted under section 3(5) of the Act in the case of motor spirit used by Diplomatic and Consular Officers. This amendment is being done according to the advice of the Government of India at whose instance exemption to Diplomatic Officers of Foreign Governments is allowed.

It is hereby enacted in the Sixteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

1. (*1*) This Act may be called the Bengal Raw Jute Taxation (Amendment) Act, 1965.

Commencement. (*2*) It shall come into force on such date as the State Government may, by notification in the *Official Gazette*, appoint.

Amendment of section 3 of Ben. Act XI of 1941. **2.** In sub-section (*1*) of section 3 of the Bengal Raw Jute Taxation Act, 1941, for the words "sixty-seven naye paise per quintal", the words "one rupee and twenty-five paise per quintal" shall be substituted.

In the present situation arising out of the Indo-Pakistan conflict it has become necessary to augment the financial resources of the State Government to the maximum extent so as to enable us to keep up the tempo of planned development. At the same time, the State Government are required to incur considerable additional expenditure for Civil Defence measures and for other purposes connected with the present emergency. NOTIFICATION

No. 3399 L.—2nd November, 1965.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE BENGAL AMUSEMENTS TAX (AMENDMENT) BILL, 1965.

A

BILL

to amend the Bengal Amusements Tax Act, 1922.

WHEREAS it is expedient to amend the Bengal Amusements Tax Act, 1922, for the purposes and in the manner hereinafter appearing; Ben. Act V of 1922.

It is hereby enacted in the Sixteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Bengal Amusements Tax (Amendment) Act, 1965.

(*2*) It shall come into force on such date as the State Government may, by notification in the *Official Gazette*, appoint.

Amendment of section 15 of Ben. Act V of 1922.

2. In section 15 of the Bengal Amusements Tax Act, 1922 (hereinafter referred to as the said Act), for the words "twelve and a half *per cent.*", in the two places where they occur, the words "fifteen *per cent.*" shall be substituted.

Amendment of section 18.

3. In sub-section (*1*) of section 18 of the said Act, for the words "twelve and a half *per cent.*", the words "fifteen *per cent.*" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The rate of betting tax and totalisator tax levied under the Bengal Amusements Tax Act, 1922 is at present 12½ per cent. Totalisator tax is levied on all monies paid into the totalisator by way of stakes or bets and betting tax is levied on monies received by the bookmakers from all punters at the time of entering into the bet.

2. In the context of the urgent need for raising additional resources for keeping up the tempo of planned development in the face of the present national emergency, it is proposed to raise the rates of these taxes. There has been a steady rise in the receipts from betting taxes during the last few years and it is expected that a small increase in rates will lead to a proportionate rise in revenue.

3. The present Bill seeks to raise the rate of betting tax and totalisator tax from 12½ per cent. to 15 per cent. by amending the relevant sections of the Bengal Amusements Tax Act, 1922.

4. No additional expenditure is envisaged for giving effect to the provisions of the amending Bill.
